Company: University last year project

Availnotes.com is focused to provide the best study solutions for students. Complete and comprehensive articles on their curriculum courses would be provided with proper proofreading by an educational professional.

#### **Motion Application Testing**

Company: Kaia Health, GmbH

#### Kaia Health Motion Application Testing By Using Different Exercising Techniques

To improve our Motion Coach technology and performing different bodyweight exercises. Recording videos will help us improve the Al-based technology, making Motion Coach more accurate. Exercises include static and dynamic ones and are divided into vertical (standing) and horizontal (on the mat) ones.

#### **Golf Swings Movements Checker**

Sparrow is a startup that's redefining sports training through A.I., computer vision and machine learning. Our goal is to revolutionize traditional coaching with technology, so that players can receive individualized feedback and analysis from their phone. Our flagship product, currently in pre-release, uses advanced A.I. to analyze a golfer's swing and provide feedback in real-time.

#### **Web Scraping**

Collect & scrape information from Websites and Google.

- ParseHub
- Instant Web Scraper
- $\circ \ \text{Python Script}$
- LinkedIn Helper
- · LinkedIn Sales Navigator
